Re: Chemical Recovery Systems Superfund Site in Elyria Ohio—Negotiations on Consent Order for RI/FS—Kickoff Meeting

Meeting Place: John Marshall Law School, 315 S. Plymouth Court, Chicago, IL 60604. Room number: 1200. There will be a sign in the lobby area with information regarding meeting location: (CHEMICAL RECOVERY SYSTEM MEETING, U. S. EPA-ROOM 1200).

This letter is written to remind you of the meeting that U.S. EPA has scheduled in Chicago on June 27, 2001 for Potentially Responsible Parties (PRPs) at the Chemical Recovery Systems Site located in Elyria, Ohio. As you know, U.S. EPA has identified the company you represent as a PRP at this site. The meeting is set for June 27, 2001 in Chicago and is scheduled to begin at 9:00 a.m. and end by 4:00 p.m. Several of you have told me that you will be flying in that morning and have asked me to delay the beginning of our presentation until 9:30 or 10:00 am.

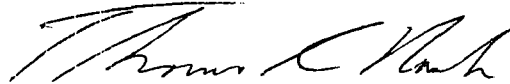

Here's what we'll do: we'll open the doors at 8:30 a.m., as previously planned, and be available for anyone who arrives early. We will wait to begin our presentation of information about the site until 9:30 a.m.. We will present information first and then answer your questions about the site. After we've answered your questions, we will leave you alone to discuss the matter among yourselves. You can have the room to yourselves until 3:00 p.m. I'll leave my phone number so you can ask me questions if that becomes necessary during your deliberations. I'll return at 3:00 p.m. (or earlier if you choose) to hear what you have decided and discuss where we can go from here. I'll leave again at 4:00 p.m.

South Plymouth Court runs south from Jackson Blvd. If you're coming East on Jackson from Union station or the Sears Tower, you'll see Plymouth Court before you reach State Street. You turn right (you can't turn left—Plymouth Court dead ends at Jackson) on Plymouth Court. The John Marshall Law School is in the first block south of Jackson

Some of you have asked when and if the records kept by CRS will be made available to you.

They are now present in the Region 5 offices and available for your review. Please call me if you wish to come see them, and let me know when you want to look at them. After your review of the records you may request that copies be made of specific documents. Any such request will be treated as a FOIA request and subject to the fees for copying costs established by 40 C.F.R. Part 2. We will compile the requests, make the requisite copies and send them to you with a bill for the service presented at the appropriate time.

Sincerely,

A handwritten signature in cursive script, appearing to read "Thomas C. Nash".

Thomas C. Nash
Associate Regional Counsel
